Editor's Message

Dear Students,

It is with great pleasure that I present to you, the students of Woodland High School, the 1958 Warrior.

In the years to come, as you look through the pages of this book, I hope it brings back the fondest memories of your school days at Woodland High School. Between its covers you will find all phases of our school life - class activities, organizations, social life, sports. These memories will be cherished by you and your friends as you each make your separate way through life. This book is yours to keep and enjoy.

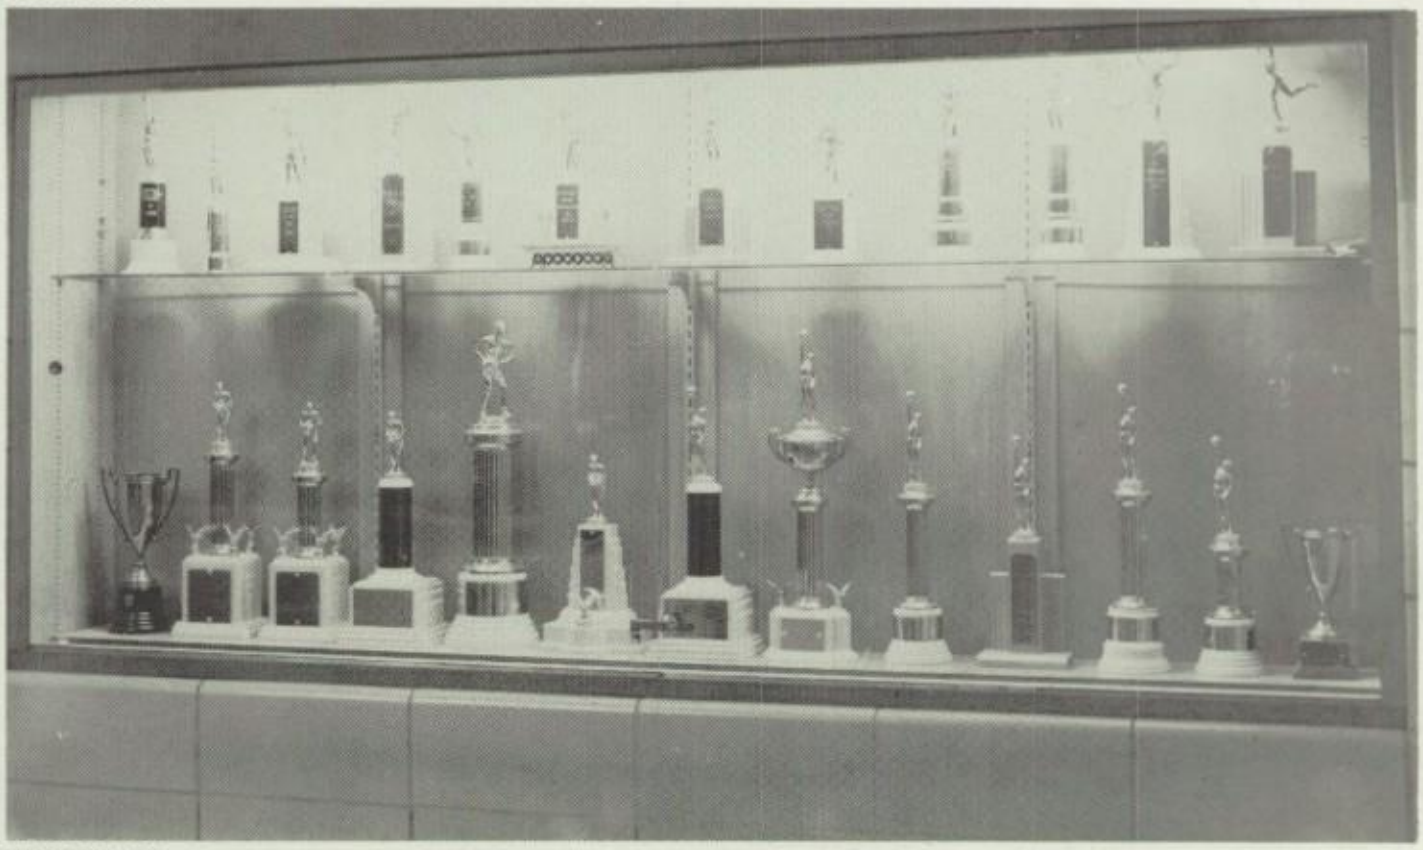
The Warrior could not be the great success that it is without the help and co-operation of many people. I personally would like to thank my wonderful staff, Mr. Pierce, our sponsor for whose expert guidance we are very grateful, the faculty, students, and anyone else who may have helped in any way.

May the spirit of co-operation and loyalty expressed in this book continue with you as you go out into the world.

Sandra Brown

EDITOR-IN-CHIEF

Dedication



We, the class of 1958, dedicate this annual to the boys and girls of Woodland High School, who have fought to win the above trophies. They have made an enviable reputation for good sportsmanship in this part of the state. The lessons learned on the basketball courts and football and baseball fields are carrying over into good citizenship of many who have gone out from W. H. S. into adult life or into the various colleges. We are proud of you! Continue to "fight, fight, fight," for honesty and fair play in the game of life.

Senior Class History

We, the "cool cats and kittens" of the graduating class of 1958, have "dug" this "crazy" school the "most" in the past four years! As the first graduating class to attend this school for our whole four years, we are "real gone."

In our freshman year, we elected Butch Pastirik as "top cat," the "veep" was Rich Renner, the "pencil pusher" was Janet Renn, the keeper of the "cool scratch" was Janet Hinkelman and "snitching" our "jobs" to the newspaper was Frieda Centko. The "boss man" was Mr. Mahoney. After we were initiated by the sophomores, we were considered "real hep." For our return party we had a "square" dance. At the end of the year, we "jumped" a bus and "hightailed it" to Deer Park for a picnic.

Roger Wilhelm was "top cat" with Ted Miller as "veep" our sophomore year. Allen Anderson was "pencil pusher," Butch Pastirik kept the "scratch" and Mr. Anderson was "high guy." Man, did we have fun with those "greenhorns" showing them "what's what" at this "crazee" Woodland High School. In return, they gave us a "black slacks" party.

When we were juniors, Jim Kinkade was "top man on the totem pole" and Jim Dovin was next in line. Alice Hanusik kept the records and Janet Hinkelman the "scratch." We peddled magazines and sold concessions at the games under the "orders" of Mr. Peterson, "stashing away our loot" for the big "hop." We slaved away for the big night and completely "flipped" in our Fairyland Romance. In the spring we "cats" gave a class play, "The Great Big Door Step."

We "cats," upon finding that Mr. Peterson would not be here for our Senior year, threw a big "Shin-dig" for him. We collected some of our own "cool loot" for the "bugging out present."

Now we are the "coolest of the cool" seniors. Jim Dovin is the "big wheel" and Llona Hallam is the first spoke. The keeper of the files is Janet Hinkelman, Janet Renn takes care of the "cool scratch" while Joyce Cashmer blabs the news. The "hub" is Mr. Arthur. We are planning to "hop a freight" for a "ball" when the time is right for "bugging out." We are waiting to "dig" the day we "get our pardons" and the teachers say "go, cats, go!!!"

Class Will

I, Allen Anderson, will my ability to get good grades to my brother.
I, Mary Antolik, will my different hair styles to Pat Stinar.

LUNCH-TIME

BIG DATE

1369 Shady Lane
Anytown, California

Dear Mr. Pierce:

It has been so long since I have written to you, I thought you might like to know what some of the 1958 graduates are doing.

I still have my job in Allen Anderson's clinic. Allen is doing very well and plans to take a trip around the world in the near future.

Last week I went to Bev Lehman's Beauty Parlor and, much to my surprise, I found that Jane Kelm, Joyce Cashmer, and Mary Lee Miller had just started working for her. In talking with the girls, I found that all four have done work for some of the more prominent movie stars in Hollywood.

Ted Miller dropped by the other day and I found that he is still trying to catch up with some of his classmates. I wished him the best of luck; but you know Ted!

I don't know whether you saw it or not, but in the latest issue of the Saturday Evening Post there is a very interesting article about Llona Hallam. Llona is a very successful policewoman in Washington, D. C. and has received many citations for her work.

Yesterday during my lunch hour I took my car to the local garage for repairs and much to my surprise I found Dick Decker was the chief mechanic. He informed me that he recently received word from Vernon Derossett who is now a mechanic at Gould Motor Company in Streator.

Carl Jenkins was a recent visitor to our fair city and I had quite a long talk with him. It seems he and Dave McDonald have gone into partnership and own a 5,000 acre ranch in Texas. The boys are in the cattle business and sell most of their beef to the Armour and Swift Packing Companies.

Last Sunday I visited the airport to watch the many planes take-off and land. I was rather shocked to see Janet Hinkelman and Marilyn Senko step off one of the TWA passenger planes. I caught the girls' attention and found they had been out of school for only four short months and have already flown around the world six times.

Many of our graduates are now secretaries in the Streator area - way back in your state of Illinois. As you would probably guess, I keep in close touch with Alice Hanusik who is now the boss's private secretary at Timco's. Alice informs me that Mary Antolik is working as a secretary for an advertising firm in Chicago; Janet Renn, has fulfilled her ambition of becoming head stenographer at Owens-Illinois Glass Company and Carole Hjerpe is a secretary in the state's attorney's office in Ottawa.

Say, did you see that article on the President of the United States in last week's Look magazine. I don't know whether you noticed it or not, but there was a picture of the President's personal staff and back in the right corner of the picture was our Vernon Pouk. It seems he has come a long way since attending barber school in Peoria.

As you have probably read in the latest All-American reports, several of our athlete graduates have made names for themselves in the sports world. I understand that Dave McBride, an All-American, has decided to sign a professional contract with the New York Giants football team. Butch Pastirik, another one of our All-Americans by unanimous selection, has decided to play baseball for the Boston Red Sox. Also, Ed Grant recently signed a contract with the Minneapolis Lakers basketball team.

Last month, I was a visitor to the Chicago area and had the misfortune to be involved in a slight auto accident. My misfortune, however, led me to a visit with Bonnie Chismar, Sue Paton, and Kathy Warfield who are now Registered Nurses at St. Luke's hospital in Chicago.

I understand, and from a very reliable source, that Bill Elliott is now the manager of the National Tea Food store in Streator. Also, Roger Wilhelm is now the manager of the General Telephone Company of Illinois.

Several of our boys departed to serve their good old Uncle Sam after graduation. Word has it that Gene Pastirik is making the navy his career and will soon take over as commander of one of the new atomic submarines. John Stansbury's plans were to join the army and avoid women; but word from Alice leaves one to believe that Gert had something to say about John's avoiding women.

Tom Centko, who now owns his own construction company in Streator, has just finished the construction of a new gas station for Ken North. It seems that Ken has quite a chain of gas stations situated in the state of Illinois.

Jim Pshak seems to have surpassed his ambition of becoming a bookkeeper, for now he is a Certified Public Accountant and audits many books for the large industrial plants.

Rich Renner seems to have a permanent position at the University of Illinois. Rich was an excellent student while attending the university; and university officials begged him to stay on as a professor.

Sandra Brown is now one of the more prominent teachers in the eastern part of the United States. In a recent letter from Sandra, she informed me that Dave Graham is now the minister of the Park Methodist Church in New York City.

Whether you know it or not, some of the new designs in the current General Motors cars were accomplished by Jim Dovin, who is now an expert engineer in Detroit.

Well, Mr. Pierce, I guess that about does it. I hope you found my letter interesting; as trying to keep track of 37 graduates can sometimes present a big problem.

Sincerely yours,

Beverly Decker

Pastirik Four Sport Star at Woodland High School

NAME THE SPORT and Bryant Pastirik of Woodland High School near Streator is a star in it.

Football, basketball, baseball and track—he's tops in all of them and he enjoys the rare distinction of being a captain in two sports for the current school year.

BRYANT PASTIRIK

Bryant, a stocky senior standing 5-8 and weighing 160, captained and played quarterback on the Warrior football team last fall. He pilots the basketball team and is a guard. The coming spring will be his fourth as catcher on the school baseball team.

Young Pastirik, whose brother, Jerry, preceded him as a four-sport standout at Woodland, tried his luck in track last year and it was good.

Bryant hunts, fishes, works on cars and favors art academically. He's an ambitious lad. He worked at a furniture factory in Streator the past summer. He'd like to attend college, but is undecided on the school.

Incidentally, Woodland is a new school. It was founded four years ago. Its first basketball coach was Russ Ahearn who led Hebron to a state championship in 1952 in the first televised state finals.

Phil Hadley, Ahearn's assistant at Hebron and Woodland, remained at Woodland and succeeded his old boss as basketball coach. William Day, Woodland's football coach, is brand new at the school. He is a graduate of Coe College, Cedar Rapids, Ia., and did his postgraduate work at the Uni-
